

TOWN OF GIBSONS Utility Technician

The Town of Gibsons has an opening for a motivated individual to fill the position of Utility Technician.

Located on the Sunshine Coast, 40 minutes by ferry from Horseshoe Bay, the Town of Gibsons is a vibrant growing community of 4,600 residents. Gibsons is known for its natural beauty, small craft harbour, coastal climate and the numerous special events that are held throughout the year for locals and visitors. Boating, fishing, hiking, camping, mountain biking, paddling and sunset beach walks are just some of the activities that are enjoyed daily by residents of Gibsons and our neighbouring coastal communities. Your family will enjoy living here and your friends will want to visit often.

Duties and Responsibilities

1. To assist with the efficient operation of the Town's water supply and distribution system to ensure the continuous and safe supply of potable water to the Town in accordance with regulatory requirements and industry best practices.
2. To assist with the efficient operation of the Town's collection systems, wastewater treatment plant and lift stations to ensure the effective collection and treatment of municipal wastewater in accordance with regulatory requirements, incorporating industry best practices. This position assists in the role of the Chief Operator for the wastewater treatment plant, as defined by the BC Environmental Operator Certification Program (EOCP).
3. Weekend operation of the Waste Water Treatment Plant and the Green Waste Facility

Qualifications

1. Demonstrated ability to act in a reasonable and rational manner under stressful and emergency conditions.
2. Demonstrated ability to communicate effectively, orally and in written form.
3. Physically capable of carrying out his/her responsibilities. This includes working outside in rainy and at times cold weather conditions.
4. Demonstrated ability to deal effectively and courteously with the general public.
5. Demonstrated ability to work within a team to achieve improvements.
6. Demonstrated ability to prepare reports of a technical nature and to initiate, develop and maintain a wide variety of reports, records and statistical data.
7. Wastewater treatment plant laboratory training and experience.
8. SCADA training and experience.
9. Basic mechanical and electrical training and experience.
10. Valid motor vehicle air endorsement certification.
11. Valid current EOCP certificate in Wastewater Collection and/or Water Treatment.

This is a full-time position. The rate of pay is currently \$30.12 per hour in accordance with the Collective Agreement. A full job description is available at www.gibsons.ca/employment-opportunities.
