Owners of a dwelling unit who home compost 100% of their organic waste may apply to opt-out of the curbside collection program by outlining their plan for keeping all organics out of the landfill. If your plan is approved, the organics collection charge will not be levied for the current year.

To apply to opt-out of receiving organics collection:

- Step 2: Provide proof of diversion - Provide a description and pictures of your composters. (Note: to opt-out, composting the organics must be done in a safe and environmentally friendly way. ****Please review evaluation criteria below.****)
