Town of Gibsons Seeks Members for Advisory Design Panel

February 4, 2021 – The Town of Gibsons is currently seeking members for its newly established Advisory Design Panel (ADP). The ADP will advise Council on the design quality of development applications, and make recommendations to Council on the approval process.

The Advisory Design Panel will comprise six regular members, including:

- 2 architects (members of the Architectural Institute of British Columbia);
- 1 landscape architect (member of the BC Society of Landscape architects) or landscape specialist from a related background; and
- 3 residents and/or property owners of the Town of Gibsons, with a combination of backgrounds in: engineering, urban planning, accessibility, community heritage, real estate, industry, construction, affordable housing, building design, arboriculture, crime prevention, and other fields of specific interest to development form and character.

Whenever possible, positions on the ADP are to be filled by residents and/or property owners of the Town of Gibsons.

The ADP will also include a member of Council (or designate), the Director of Planning (or designate), and the Director of Infrastructure Services (or designate). These non-voting panel members will act as liaisons between the Design Panel and Council.

Meetings will generally be held once a month and not more than twice a month, as determined by the Director of Planning.

A comprehensive description of the ADP's purpose and scope, as well as details about membership appointment, meeting and attendance, authority, and voting procedures may be found at gibsons.ca/advisory-design-panel or by reviewing [Bylaw 1288, 2021](#).

Qualified persons who would like to be considered for the Design Panel are invited to submit a cover letter and resume by email to lstaats@gibsons.ca by noon on Monday, February 22nd. Successful applicants will be informed and appointed to the ADP shortly thereafter.

- 30 -
