**RE: The George Waterfront Hotel,  
Gower Point Road, Gibsons  
Resubmitted Landscape Architectural Plans; PMG File 22-112**

Eugene,

Our accepted landscape plans of May 2016 have been amended to the recent architectural changes. The project has been assigned a new file number as listed above. Landscape Plans set submitted is based on the updated Architectural Plans provided and are dated June 17, 2022. The changes to The George Development, include the following:

- Elimination of the 2<sup>nd</sup> floor Spa of the Hotel. The Spa has been relocated to the Ground floor.
- Elimination of the watercourse along the residential building side of the open promenade. Landscape was added to provide to add more greenspace and plantings of more broadleaf evergreens provide more separation of the private residential area from the public plaza. A water feature adjacent the vehicular entry drive remains to provide ambient sound and a feature to the entry experience.
- Interior changes to the main hotel floor are revised with no real impact on landscape.

Should you have any questions, feel free to contact me.

Yours truly,
